PRECISION CUT EDGES

For unsurpassed reproduction quality of the most intricate designs, our state-of-the-art cutting capabilities offer superior detail.

COLORLAST & RAISED PRINT AVAILABLE

Gemini's Colorlast is an alternative solutions to traditional multi-painted logos. Colorlast combines painted base colors with UV-printed details, offering a cost-effective and fast way to add multiple colors to your sign. Raised Print adds depth and dimension with layered text, texture, and ADA-compliant braille on flat cut acrylic.

WIDE RANGE OF SIZES

Sizes can range from under an inch to 95" as a single piece - or even larger by using multiple pieces.
