Logos with Custom Painting

### All Products

### Custom Paint Colors

It's easy to request custom color matching! Simply tell us the paint number or name of the brand of paint you'd like us to match (e.g. PMS 186 or Sherwin-Williams Boathouse Blue) and we will obtain a mixing formula at no cost to you.

Don't have a paint name or number and still need a color exactly matched? Please send us a sample (sample item must be at least 3" x 3") and our paint lab will run it through an exacting color match process. Extra charges apply.

### Flat Cut

### UV Colorlast and Custom Painting

UV Colorlast is a new finishing process for multi-color logos that offers customers a cost-effective, exterior-grade product delivered faster than traditional multi-color paint without sacrificing quality. Suitable for Flat Cut Acrylic and Flat Cut Metal materials, UV Colorlast is a combination of paint and masking and UV print that provides customers with a premium quality multi-color logo backed by Gemini's Lifetime Guarantee.

Custom Painting Per Your Art
